

PRESS RELEASE

Cannes, 18 March 2022

The Palais des Festivals et des Congrès de Cannes renews its ISO 18788

In **November 2019**, the Palais des Festivals et des Congrès de Cannes for the first time obtained **ISO 18788 certification**, issued by the independent body APAVE. The result of a **joint policy with the City of Cannes**, it became the first certified congress centre in France. In March 2022, the Palais des Festivals et des Congrès was awarded this certification again.

A requirement for efficiency

ISO 18788 attests to the **quality** of the security management system and the **effectiveness** of security operations. The systems evaluated cover:

- Providing an **organisational framework for managing** activities and risks for organisations conducting or subcontracting security operations.
- Demonstrating **professional conduct** of security operations to satisfy customers and all stakeholders.
- **Demonstrating commitment** to legal obligations and identified best practices.
- **Constantly offering services** that meet the needs of customers and comply with international, national and local law, as well as the requirements of respect for human rights.

These commitments reflect the priorities and values committed to by the Société d'Economie Mixte pour les Evénements Cannois, the Palais des Festivals et des Congrès de Cannes in its day-to-day management of events and, more generally, the site's activity.
